Bonds and sureties for banks

Wednesday 2 December 2020

EuroCaution has formed partnerships with specialist surety and bond (re)insurers, with excellent solvency ratios and a minimum A- rating.

Our solutions offer the ability to join banks in syndicating a surety or bond line or the possibility to co-guarantee or sub-participate, with another guarantor (bank or insurer) in the issuance of an individual surety or bond and a guarantee line.

We have modular underwriting capacities up to EUR 250 million per consolidated group distributed across a large number of insurers and reinsurers for the following type of bond and surety (non-exhaustive list):

1. completion
2. reimbursement of deposits
3. guarantee deduction
4. guarantee in future state of completion
5. payment
6. environmental
